On Country Experiences

Our On Country experiences are opportunities to strengthen team dynamics whilst gaining a greater understanding and connection with the lands of the Gadigal and Cammeraygal people.

We offer two On Country experiences for you to choose from.

Gadigal

Set in the heart of Sydney's CBD, the Gadigal experience is a tour of significant Indigenous locations that combines team building activities with cultural learnings.

Working in teams, participants will visit a series of checkpoints where they will be required to complete challenges that increase their knowledge of Aboriginal history and culture.

Cammeraygal

Surrounded by natural bushland and Garadi 'Black Cockatoo' walking track, the Cammeraygal experience is an opportunity to reconnect with nature and participate in various cultural activities.

The experience involves a scenic 1.2 km medium grade walk where participants learn about bush tucker and native plants, followed by cultural activities including weaving, spear throwing and fire making.

Experiences run for 2.5 hours and are suitable for up to 20 people.

Art

The workshop provides a therapeutic environment to learn about Aboriginal art, symbolism and techniques.

Participants are given the opportunity to create and keep their own individual artwork.

Weaving

Weaving has been a part of First Nations culture for thousands of years. Our workshop teaches the importance of weaving and provides a cultural experience where you create a bracelet of your own.

Youth Programs

Mirri Mirri offers two distinct approaches to our youth programs.

Our Warada program is designed specifically for First Nations Female High school students and partnering organisations.

Our youth and leadership programs involve Mirri Mirri providing facilitators to deliver leadership and cultural workshops to young people.

Warada Program

The Warada Program provides a unique cross-cultural learning opportunity for your staff and female First Nations students.

Facilitated by Mirri Mirri, the full day program involves your workplace hosting female high school students, providing one to one female mentors and participating in cultural and leadership activities.

If you are a workplace wanting to host First Nations students for a day or a school looking for a unique workplace opportunity, contact us for further information. The Warada program is available in NSW only.

Program Development and Facilitation

We are engaged by schools, universities, sports clubs and other organisations to deliver programs that enhance leadership, cultural and communication capabilities of young people.

Our workshops can be held over one or multiple days and provide an opportunity for young people to connect, inspire and create positive change.

We are able to provide facilitation staff and resources.
